Course Highlights

Word® for Public Safety™ is designed to help the personnel create, manage, share and protect digital documentation utilizing Microsoft Word® software. Most personnel have a good working knowledge of how to create basic documents in Word, but more than 95% of them are self-taught. This course helps them utilize the program more effectively and efficiently.

Who Should Attend

This class is designed for any active law enforcement personnel, support staff, or administrative assistants. Prior experience is not required.

Material Requirements

Students should bring a laptop with Microsoft Word and Adobe (version 2003 or higher) is required. Prior experience is not required.

Instructor: Michael Warren

Michael Warren is a police officer for a department in southeast Michigan. In over 21 years of service he has served as a patrol officer, field training officer, detective, patrol sergeant and Training and Standards Sergeant. During his time as a detective he served with the Drug Enforcement Administration. He is currently assigned as a patrol shift commander and as the agency's primary use of force instructor. He resides in southeast Michigan with his wife and four children.
